

The General Demand

The Well-Informed of the World has always been for a simple, pleasant and efficient liquid laxative remedy of known value; a laxative which physicians could recommend for family use because its component parts are known to them to be wholesome and truly beneficial in effect, acceptable to the system and gentle, yet prompt, in action.

In supplying that demand with its excellent combination of Syrup of Figs and Elixir of Senna, the California Fig Syrup Co. proceeds along ethical lines and relies on the merits of the laxative for its remarkable success.

That is one of many reasons why Syrup of Figs and Elixir of Senna is given preference by the Well-Informed. To get its beneficial effects always buy the genuine—manufactured by the California Fig Syrup Co., only, and for sale by all leading druggists. Price fifty cents per bottle.

If it wasn't for Sunday school picnics ants and bugs wouldn't have much fun.

WHAT OTHERS SAY
A few weeks ago I gave one of your Medicated Salt Bricks to an old mule who had lost his appetite, became very thin and listless. After using a couple of bricks he became much improved in his condition, and now after giving him the second one he can kick up his heels with the colts and "join in their play."

MERELY NECESSARY PRECAUTIONS.

The sexton of a "swell colored church" in Richmond was closing the windows one blustery Sunday morning during service when he was beckoned to the side of a young negro, the widow of a certain Thomas.

"Why is yo' shettin' dose winders, Mr. Jones?" she demanded in a hoarse whisper. "De air in dis church is suiff'atin' now!"

"It's de minister's orders," replied the sexton, obstinately. "It's a cold day, Mls' Thomas, an' we ain't goin' to take no chance on losin' any o' de lambs of dis fold while dere's a big debt overhangin' dis church."—Cleveland Leader.

CURIOSITY.

Mr. Stubb—Yes, Maria, twenty years is supposed to elapse between the third and fourth acts.

ALMOST A MIRACLE.

Raised Up When Science Said There Was No Hope.

G. W. L. Nesbitt, Depot Street, Marion, Ky., writes: "I was a chronic invalid with kidney troubles and often wished death might end my awful sufferings. The secretions were thick with sediment, my limbs swollen and my right side so nearly paralyzed I could not raise my hand above my head. The doctor held out no hope of my recovery and I had given up, but at last started using Doan's Kidney Pills and made a rapid gain. After three months' use I was well and at work again."

His Method of Dispersal.

Country life has lost its charm for Bill Slocum, so leaving his Yorkshire home he went up to London to join the police force. Something of brains as well as brawn is required of a London "bobby," and William was put through the usual tests.

"Now, my man," said the superintendent, "suppose you wanted to disperse a mob, how would you use your baton?"

"Baton?" echoed the recruit, eyeing his superior as though sorry for his want of tact. "I wouldn't use my baton at all. I'd just take around my helmet and try to make a collection!"—Bellman.

A SPLENDID COFFEE.

Luzianne Possesses Fine Flavor, Superior Quality, and Perfect Purity.

We are pleased to call the attention of our readers to the splendid merits of LUZIANNE COFFEE, put up by that enterprising firm, the REILLY-TAYLOR CO., of New Orleans. This coffee is of fine flavor, superior quality, and perfect purity. It is blended and prepared according to the methods employed by the best Creole cooks for more than fifty years, and when you drink LUZIANNE, you are drinking a coffee that has made New Orleans famous the world over. What makes this the best coffee for the family of moderate means, is the fact that it has twice the strength of ordinary coffee, requiring only half the usual quantity in the making, and its price is very moderate, indeed; considering its quality, it is the most economical of any on the market.

LUZIANNE has a tremendous sale throughout the South. More than fifty orders for carload lots, averaging 30,000 lbs. each, have been filled within the past year. Coffee being the most important article of food on the breakfast table, it is well to have the very best to be obtained. That is why we commend to our readers this splendid and satisfying brand.

Notwithstanding its high grade quality, many beautiful presents are given away to purchasers of this splendid coffee simply to advertise it. The coupon, in every can, tells you all about it.

Always call for LUZIANNE when you buy coffee.

BUYING PAINT BLINDLY.

Many people look upon paint buying as a lottery and so it is, the way they do it. It is not necessarily so, however. Pure White Lead and linseed oil are the essential elements of good paint. Adulterants in white lead can be easily found by the use of a blowpipe. Adulterations in linseed oil can be detected with a fair degree of certainty. See that these two elements are pure and properly put on and the paint will stay put.

National Lead Company, Woodbridge Building, New York City, will send a blowpipe outfit and instructions for testing both white lead and linseed oil, on request.

FIFTEEN YEARS OF SUFFERING.

Burning, Painful Sores on Legs—Tortured Day and Night—Tried Many Remedies to No Avail—Used Cuticura; Is Well Again.

"After an attack of rheumatism, running sores broke out on my husband's legs, from below the knees to the ankles. There are no words to tell all the discomfort and great suffering he had to endure night and day. He used every kind of remedy and three physicians treated him, one after the other, without any good results whatsoever. One day I ordered some Cuticura Soap, Cuticura Ointment, and Cuticura Resolvent. He began to use them and in three weeks all the sores were dried up. The burning fire stopped, and the pains became bearable. After three months he was quite well. I can prove this testimonial at any time. Mrs. V. V. Albert, Upper Frenchville, Me., July 21, 1907."

NATURE AND A WOMAN'S WORK

LYDIA E. PINKHAM

Nature and a woman's work combined have produced the grandest remedy for woman's ills that the world has ever known.

In the good old-fashioned days of our grandmothers they relied upon the roots and herbs of the field to cure disease and mitigate suffering.

The Indians on our Western Plains to-day can produce roots and herbs for every ailment, and cure diseases that baffle the most skilled physicians who have spent years in the study of drugs.

From the roots and herbs of the field Lydia E. Pinkham more than thirty years ago gave to the women of the world a remedy for their peculiar ills, more potent and efficacious than any combination of drugs.

Lydia E. Pinkham's Vegetable Compound is now recognized as the standard remedy for woman's ills.

Mrs. Bertha Muff, of 515 N.C. St., Louisiana, Mo., writes:

"Complete restoration to health means so much to me that for the sake of other suffering women I am willing to make my troubles public.

"For twelve years I had been suffering with the worst forms of female ills. During that time I had eleven different physicians without help. No tongue can tell what I suffered, and at times I could hardly walk. About two years ago I wrote Mrs. Pinkham for advice. I followed it, and can truly say that Lydia E. Pinkham's Vegetable Compound and Mrs. Pinkham's advice restored health and strength. It is worth mountains of gold to suffering women."

What Lydia E. Pinkham's Vegetable Compound did for Mrs. Muff, it will do for other suffering women.
